BOOK - SUSTAINABLE AGRICULTURE - 2008

Editors: E. Lichtfouse, M. Navarrete, P. Debaeke

Sustainability rests on the principle that we must meet the needs of the present without compromising the ability of future generations to meet their own needs

Dear Doctor,

As Editor-in-Chief of the journal *Agronomy for Sustainable Development (ASD)*, I am pleased to announce that the international publisher EDP Sciences has accepted to publish a book entitled **Sustainable Agriculture** to be issued end 2008. We are actually seeking high quality review articles covering all topics of Sustainable Agriculture and Agroecology. Please note the following points:

- The submission deadline is APRIL 1, 2008 to ensure publication of the book late 2008.
- Selected review articles will be published both as chapters in the book and as review articles in the journal *Agronomy for Sustainable Development*. Articles are published *online first* with a citable DOI about 2 months after submission of the last version.
- Articles will be peer-reviewed.
- ASD journal has a large and increasing audience. PDF downloads from ASD website increased from 89,245 in 2004 to 192,780 in 2006. Impact factor increased from 0.566 in 2003 to 1.008 in 2005, ranking 16/48 in the ISI category Agronomy. We decreased the publication delay to 3.8 months in 2006.
- Instructions and topics are given in the next page.

Please do not hesitate to contact me for help.
